Do you sometimes **question** your Catholic Faith?

Maybe you firmly believe what the Church teaches, but don't know how to **defend** it or explain it to others.

Maybe you just wish you knew more.

Maybe your children, family members or friends are **falling prey** to other religions, and you don't know how to help them.

If you're like most people, you're too busy or too tired by the day's end to take complex theology courses or attend parish night classes to better understand Church teaching. "I'll do it later," we usually say.

What if all the work was done for you?

Let's say there is a course that helps you understand and defend the Faith even with your eyes closed. Suppose this course is made up of easy, monthly lessons for the average layman – with no diploma required. In fact, suppose each lesson is made up of an *Audio CD* that you can listen to anywhere, anytime – *even with your eyes closed.*

Would you be interested? Yes? Great! Then join us in the 'New Apologetics by Mail Course'. Just in case you want to keep your eyes open, we also provide a simple *Study Guide* to accompany the Audio CD.

The wonderful benefits of having these compelling lessons on Audio CD means that you can listen to them when you're jogging, walking the dog or sitting in a waiting room. How about when you're washing the dishes or ironing? Or during those long rides in the car or plane?

One lesson a month means that you're not overburdened with memorization and homework. No late-night, long-term commitments to cramming. No mandatory tests, quizzes, or essay exams.

If you're someone who loves the Catholic Faith and wants to know more, then this course is just what you've been waiting for.

There's nothing in the world like this for lay people.

So who's responsible for this phenomenal work?

His name is Raymond de Souza, a lay Catholic Apologist who has spent the last twenty years of his life defending the Faith in seven languages on five continents. He is an EWTN (Eternal Word Television Network) Program Host and one of Human Life International's (HLI) globe-trotting experts.

In 2002, he responded to the call made by Pope John Paul II for '*A New Apologetics for the people, so that they may understand what the Church teaches*'.

He created and launched the *New Apologetics by Mail Course* for high-school students and adults. Each point of the Faith has been developed in simple, bite-sized lessons, exploring the absolute basics of God's existence all the way through to the Resurrection of Christ and Apostolic succession.

Each Lesson and Study Guide comes in a beautiful case ready to be placed on your shelf for elegant and easy storage.

This rich, awe-inspiring correspondence course will launch you into a deeper understanding and love of your Faith. It will enable you to hold conversations and give convincing arguments.

I personally invite you to join us and empower yourself with the knowledge and understanding of "putting logic at the service of the Faith".

More information on the timeliness and importance of this Course is available online at www.SaintGabriel-International.com
